

LR Front

ULTIMATE SHOCK

Base Valve Technology allows you to run variable gas pressures regardless of compression values from 15psi to 250psi

COMPRESSION RANGE

Adjuster	Valve
-0 Clicks Full Stiff	9
-4	8
-6	7
-8	6
-10	5.5
-16 Clicks Full Soft	5

Wide range of compression adjustment

“Floating Rebound” technology produces the softest rebound values in the industry on a compression adjustable shock

Compression adjustable on “Grip Twist” rod end
